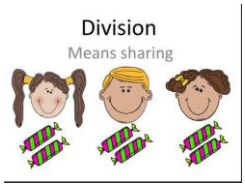
Friday 30th April 2021

Reminder – Monday is a bank holiday and therefore school will be closed. We look forward to seeing everyone on Tuesday 4th May. Enjoy your long weekend!

If your child brings a snack to eat at break time please be aware that they are only allowed to bring fruit.

What an exciting week we have had in Reception! The children had a wonderful visit from The Purple Pig farm and loved meeting the animals. They met piglets, lambs, ducklings, rabbits, chicks and even a calf! Farmer Rachel told the children lots about the animals and let them stroke and feed them. We also had a special delivery of our very own caterpillars! The children are already very excited and enjoying watching them grow. Finally, we read the story Jasper's Beanstalk by Nick Butterworth (our author this half term). The children have planted seeds to see if they can grow their own beanstalk!

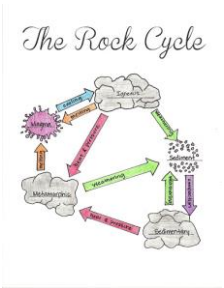
This week in Year 1 we have enjoyed maths where we are learning to divide. We have been making equal groups and sharing amounts.



In literacy we are learning more about non-fiction texts. We have labelled a fire engine and learnt some new conjunctions. We identified different materials and looked at their properties and we are learning more facts about The Great Fire of London.

We have had another great but busy week in Year 2. This week, we have been consolidating our place value and addition knowledge in maths and we are now all superstars at the column method of addition. We are really enjoying our PE sessions at the moment as we are learning the skills for tennis. We know how to hold the tennis racket correctly and are trying hard to control the tennis ball with the racket.

LKS2 have had a busy week this week, we have been finishing our newspaper reports about the missing crown from West Road, including lots of tier 2 vocabulary and reported and direct speech. They are looking fantastic! Although, we still haven't managed to find out who the intruder was! In science, we have started our rocks and fossils topic. This week, we have been creating our own rock cycle using starburst, which all three classes have thoroughly enjoyed. We hope you enjoy your bank holiday weekend and stay safe.



West Road PRIMARY ACADEMY

This week, UKS2 have produced some fantastic poetry. We have used a range of poetic devices and created different types of poetry. We have also illustrated our poems ready for a school display. In the afternoons, we have been studying Mayan art and pottery. We have used clay and range of techniques to create our own versions of the pottery.

Our school is taking part in a survey of children in England, that is designed to find out what their concerns and aspirations about the future are. The Big Ask is the largest survey of children in England and your co-operation will be crucial in ensuring that all children and young people, including those that are vulnerable and disadvantaged, have their voices heard. For more information, there is a link to a youtube video provided by The Big Ask. Please watch with your child for further information. https://www.youtube.com/watch?v=rHV4b5iwwmk
The survey is about five minutes long and can be accessed through the link below.
