Resources Committee.....

I am 50 years old married with two children now aged 28 and 23 years old. I manage the Moorends Miners Welfare and Community Development Centre which is a local Charity based in Moorends. I am also involved with local Community Groups actively organising and running various projects and activities in a voluntary capacity. I have been involved in one form or another as a volunteer from Dance Schools-Football which I always have enjoyed. I like to keep busy and active.

I am also a local Parish Councillor for Moorends and recently elected as a DMBC Councillor for Thorn and Moorends.

My interest is in the local Community. I am dedicated, hard working and honest. I love being involved and part of the Community working alongside others who want to see positive change within our Communities, to make a difference.
