

West Road Primary School Moorends Doncaster

Governor Profile

Name : Lynn Bramhill

Category of Governor:
Co- Opted Governor

Role(s) on Governing Body:
Curriculum and Standards Committee
Safeguarding and Inclusion

I became a member of West Road Primary School Governing body in June 2017, after retiring from my role as a Deputy Head Teacher.

I am committed to improving the school's standards and helping to ensure all learners receive a broad and balance education, in a safe environment, where well-being is paramount to each child reaching its full potential. It is important that as a governor I adhere to the 'Governor's Code of Conduct' and uphold the school's values and ethos.

Hopefully, the skills I have gained in my professional career and through life experience will enable me to offer both support and challenge to the school. I have taught across all age ranges of primary school and was an experienced SENCO and Inclusion Manager. Prior to my teaching career, I also worked within industry. On a more personal note, I have two grown up children and an increasing number of grandchildren.

I find the school to be welcoming and friendly and am proud to be a Governor here. It is a privilege to work as part of a dedicated team of people as we strive towards making West Road Primary an outstanding school.
