

PUPIL PREMIUM STRATEGY

2019-20

West Road Primary Academy Pupil Premium Strategy

Impact Report 2019-20

Principles for use of Pupil Premium

- To ensure that teaching and learning opportunities meet the needs of all pupils.
- To ensure that appropriate provision is made for pupils who belong to vulnerable groups and to ensure that the needs of socially disadvantaged pupils are addressed.
- In so doing, we recognise that not all pupils who are, or have been eligible for free school meals within the last 6 years, are socially disadvantaged. We also recognise that there are socially disadvantaged and vulnerable pupils who do not qualify or register for free school meals.
- We therefore allocate Pupil Premium funding to support any pupil or groups of pupils that the school has legitimately identified as being socially disadvantaged.

Pupil Premium funding will be allocated following annual needs analyses which will identify priority classes and groups. Allocation will also reflect impact research including reported findings by the Education Endowment Fund (Sutton Trust) and Ofsted

Objectives in spending PPG:

- To continue to close the gap in attainment between Pupil Premium and Non Pupil Premium pupils in Reading, Writing and Maths across the school.
- To ensure there is no significant difference in progress made between SEND, FSM and vulnerable pupils and whole cohort and to accelerate the progress of these children to narrow the gap in attainment.
- To secure consistently good or outstanding teaching and learning, with appropriate emphasis and focus on accelerating learning of FSM/SEND/PP and other vulnerable pupils.

3. Barriers to future attainment (for pupils eligible for PP)	
In-school barriers	
A.	Significant attainment gaps and some slower progress in 2018-19 by pupils who are eligible for PP in the current Reception, Y2, Y4 and Y6 cohorts require targeted support. There is a high correlation between PP and SEN pupils in these year groups. The majority of these pupils are also boys.
B.	School attainment/progress data indicates wider gaps between those eligible for PP and other pupils in writing in both Key Stages 1 and 2. Poor oral language skills have been identified as the main contributory factor and is therefore a targeted area for use of PP funding.
C.	Emotional issues for a proportion of pupils (majority eligible for PP) have detrimental effects on their academic progress and that of their peers.
External barriers	
D.	Absence and persistent absence rates for all pupils and pupils eligible for PP are higher than the national average.
E.	Free school meals entitlement in the EYFS and KS1 means that some families do not register their Pupil Premium entitlement.
F.	Some families and pupils (many eligible for PP) require additional support to develop coping strategies and improve overall engagement with school.

4. Desired outcomes (Desired outcomes and how they will be measured)		Success criteria
A.	Higher rates of progress in Reception, Y2, Y4 and Y6 for pupils eligible for PP particularly and for SEN pupils and boys	Pupils eligible for PP make similar or better progress as 'other' pupils, particularly in Reception, Y2, Y4 and Y6.. School data and pupil progress meetings will identify improvements in performance of SEN pupils and boys (including those in receipt of PP).
B.	Rates of progress by PP pupils in writing across school are improved, with improvement in oral language skills, particularly vocabulary	Pupils eligible for PP make similar or better progress as 'other' pupils, across school in writing and oral language/vocabulary. Measured by internal and external monitoring, teacher assessments, in house/cross school moderation and end of key stage tests and benchmarking against national data. School data and pupil progress meetings will identify improvements in performance of boys (including those in receipt of PP).

C.	Targeted pupils with emotional and behavioural difficulties are supported to successfully manage their behaviour so that they and other pupils can access learning.	Fewer crisis or behaviour incidents recorded for these pupils on the school system.
D.	Attendance and persistence absence rates for all pupils and PP .pupils are improved with positive impact on accelerated progress.	Reduce the number of persistent absentees among pupils eligible for PP to NA or below. Overall PP attendance improves to bring it into line with 'other' pupils/national averages.

5. Planned expenditure					
Academic year		2019/20			
The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
i. Quality of teaching for all					
Pupil Premium Used For/Strategy Staff Lead	Amount Allocated	Details of Action	Rationale	Intended Outcomes	Monitoring Strategy/Ensuring Impact
