

West Road Primary Academy

Governor Profile

Name

Andrew Buxton

Category of governor

Trust Appointed Governor

I have over 30 years experience working in schools with high levels of deprivation, both in Doncaster and the North East of England. I have had almost 20 years of successful experience as a head teacher in two schools in Doncaster, with the most recent school being graded outstanding by OFSTED. OFSTED described me as an 'inspirational' leader, and described the school as 'a first class example of its kind'.

Having been a free school meals child myself, I am very passionate about outcomes for Disadvantaged Pupils and raising aspirations for all pupils. I believe in supporting them to aspire to succeed and working towards their goals. In this I feel the values and approach at West Road are in synch with my beliefs and I am totally committed to supporting its future development.

Away from education I am a passionate cricket fan, and love to travel, as well as being a voracious reader.
