### **Brief Description**

I feel I am a good candidate for the role of Governor at West Road Primary Academy. I have been employed in a school setting for over 30 years, as well as being a staff Governor at a previous school. Therefore, I feel I have a sound knowledge of a Governor's roles and responsibilities.

I have an exemplary knowledge of SEND, mental health and safeguarding, as this is my current role. I can bring with me a passion and commitment to putting the children the heart of decision making. Giving them a rich and balanced education, enabling them to be the best they can be!
